Vehicle pullouts (parking)						+	+	+	+	+	+
Bus service						+	+	+	+	+	+
Formal interpretive facilities/ signage				+	+	+	+	+	+	+	+

Notes:

(1) This table summarizes the facilities that would be allowed under the prescriptions for each zone. Refer to zone prescriptions for further detail.

(2) Several non-wilderness areas in the Merced River corridor (on the south side of the river in the Merced River gorge on the main stem and below Wawona on the South Fork) share the characteristics of the 1A: Untrailed wilderness zones (free of trails, roads or other facilities). They are zoned as Undeveloped Open Space (2A+) to indicate that they should be managed as defacto wilderness with similar prescriptions as 1A: Untrailed (no roads, trails, or other facilities would be developed).

(3) These facilities are allowed, but at a minimal level.

(4) Lodging currently exists at Merced Lake High Sierra Camp only. Future management will be determined by the Wilderness Management Plan.

+ = Facility allowed in this zone

Box not marked = facility not allowed in this zone
